

## **Curriculum vitae**

Dr. Doris Höpke was born in Georgsmarienhütte in 1966. She completed her law studies at the universities of Osnabrück, Hanover and Leiden with a doctorate. She commenced her career as assistant to the Board member responsible for industrial liability insurance at HDI Haftpflichtverband der Deutschen Industrie V.a.G. in 1996. She subsequently became the HDI's in-house attorney responsible for the management and negotiation of large industrial liability claims of corporate clients worldwide. Dr. Höpke joined Munich Reinsurance Company in 1999, where she worked as in-house legal counsel until 2001 and was head of section at Munich-American RiskPartners (MARP Munich) until 2003. In 2003, she took on the project management for "Business Group Master" as part of Munich Re's global IT project GLORIA (Global Reinsurance Application). From 2006 to 2010, Dr. Höpke was head of the divisional unit Aerospace & Special Services. In 2011, Dr. Höpke became head of Munich Re, Madrid.

Since 1 May 2014, Dr. Höpke has been a member of the Board of Management of Munich Reinsurance Company and was responsible for Munich Health until 31.1.2017. Since February 2017, she took over responsibility for the division Special and Financial Risks. At the end of April 2017, she also assumed global responsibility for human resources in the reinsurance field of business, including the function of Labour Relations Director.
